

Mr. Kim Jingyu

Vice Chairman of Korea Chemical Fibers Association

Mr. Kim graduated from Dankook University with a degree in Law. He began his professional career in 1995 at the Planning & Audit Team of Jindo Co., Ltd., where he developed a solid foundation in corporate strategy and internal management.

In 1999, he joined the Korea Chemical Fibers Association (KCFA), where he has since built extensive expertise in international trade and environmental policy. His primary responsibilities have included addressing global trade issues such as FTA negotiations, anti-dumping measures, and Technical Barriers to Trade (TBT). Furthermore, he has been a key figure in environmental advocacy, managing critical issues related to chemical substance regulations and greenhouse gas reduction within the industry. Since 2023, he has been serving as the Vice Chairman of the KCFA, overseeing the association's strategic direction and industry leadership.

Beyond his institutional role, Mr. Kim is deeply involved in the public sector and industry-wide initiatives. He serves as an Advisory Member for Government FTA Trade Agreements and leads the Trade Remedy Support Center for the Textile Industry. He is also an active member of the Import Regulation Task Force, contributing to the protection and enhancement of domestic industrial interests. Moreover, he continues to play a pivotal role as a Specialized Advisor in various environmental policy and regulatory frameworks, bridging the gap between government policy and industrial implementation.
