

Mr. Changhun Jeong

Head of Business Policy Office of Korea Chemical Fibers Association

Mr. Jeong graduated from the College of Law at Korea University and began his professional career at the Sentencing Information Office of the Supreme Court of Korea, where he was responsible for managing and analyzing sentencing data across various legal fields, including environmental law.

He currently serves as the Head of the Business Policy Office at the Korea Chemical Fibers Association (KCFA), where he oversees industry policy and sustainability initiatives. In addition, he is actively engaged in the public sector, serving as an External Member of the National Council on Climate and Air Quality and as an Advisory Member for the development of the Integrated Environmental Management Act (Textile Dyeing Industry) at the National Institute of Environmental Research under the Ministry of Environment (ME). He also serves as a Specialized Member of the Carbon Neutrality and Circular Economy Division at the Korea Textile & Fashion Forum.

Furthermore, he plays a key leadership role as the Representative Secretary of the Textile Industry for the Reduction Research Group at the Ministry of Trade, Industry and Energy (MOTIE), contributing to the advancement of carbon neutrality strategies and policy coordination within the industry.
